Re: Apparent inaccurate
location in M&R Plan

Dear Mr. Markley:

An inquiry was received by this office relative to the location of the Hillside, Gismo and Maybe Mines in San Juan County as listed in your previously filed MR-1 & 2. As you probably know, the location listed in the documents (MR-1 & 2) which you filed on April 20 was Sections 24 & 25 of Township 37 South, Range 16 East.

A question raised by a claimant in the area who has claims on these sections caused a check to be made of the maps submitted with your plan. The maps appear to indicate that this location is slightly inaccurate and that the section should be section 2, 10 and 11 of this same township and range.

Please advise^s this office what your check of the location reveals.

Sincerely,

RONALD W. DANIELS

LAND DEVELOPMENT
